 System Options:

Scroll to bottom to log in

Also at the bottom is are several links that all visitors have access to, mostly affecting away they see the calendar

**Calcium Login**

Please enter your username and password:

Name:

Password:

Login Page.

Enter username and password and click login

Each chapter will have its own login

e.g.

Chapterc

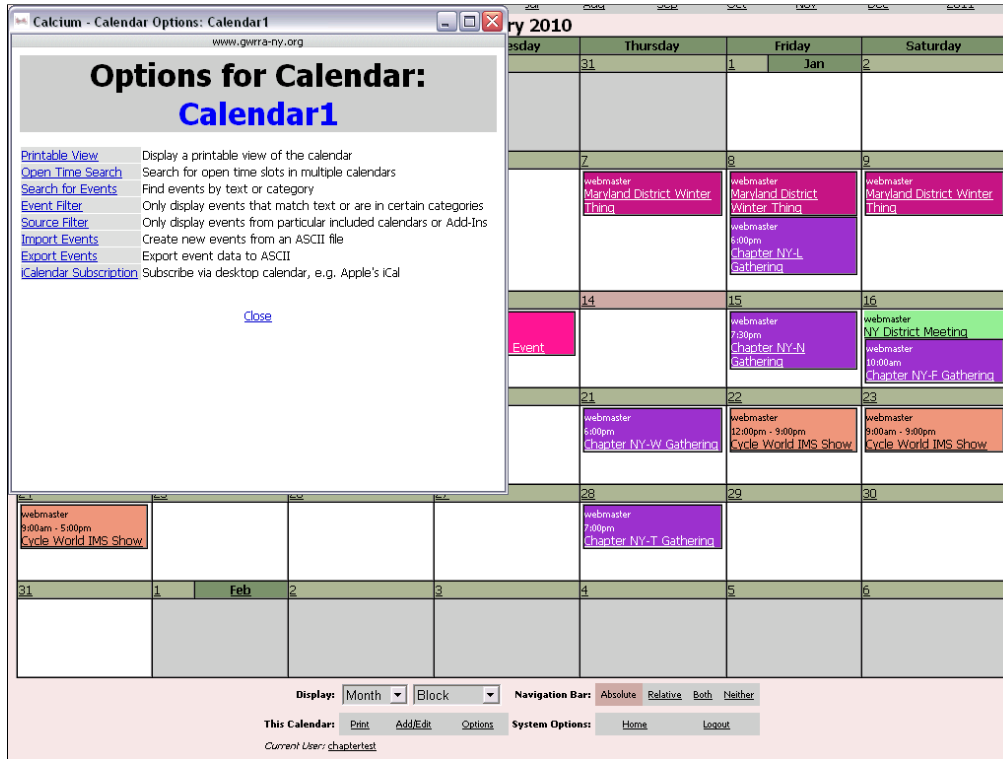

Chapterd

Etc.

Please have users contact me for username and password.

Preferably there should be only one user per chapter, with perhaps one backup.

If a chapter changes their calendar user, I can change the password.

Options pop-up after login includes import and export.

Click Add/Edit at the bottom or click on a date in the calendar to add new events or edit/delete existing events.

Users may only edit and delete events they created. (The webmaster can edit or delete any event)

 Forever!

Add Event cont'd

Event Text, Time, and the Popup text/details are required

There are also options at the bottom to repeat an event. The event in this sample repeats for 3 days. Repeat options are plentiful.

The Event URLs can contain text, links, and html.

If you don't see the repeat Information click [show] to see it.

Click Create Event

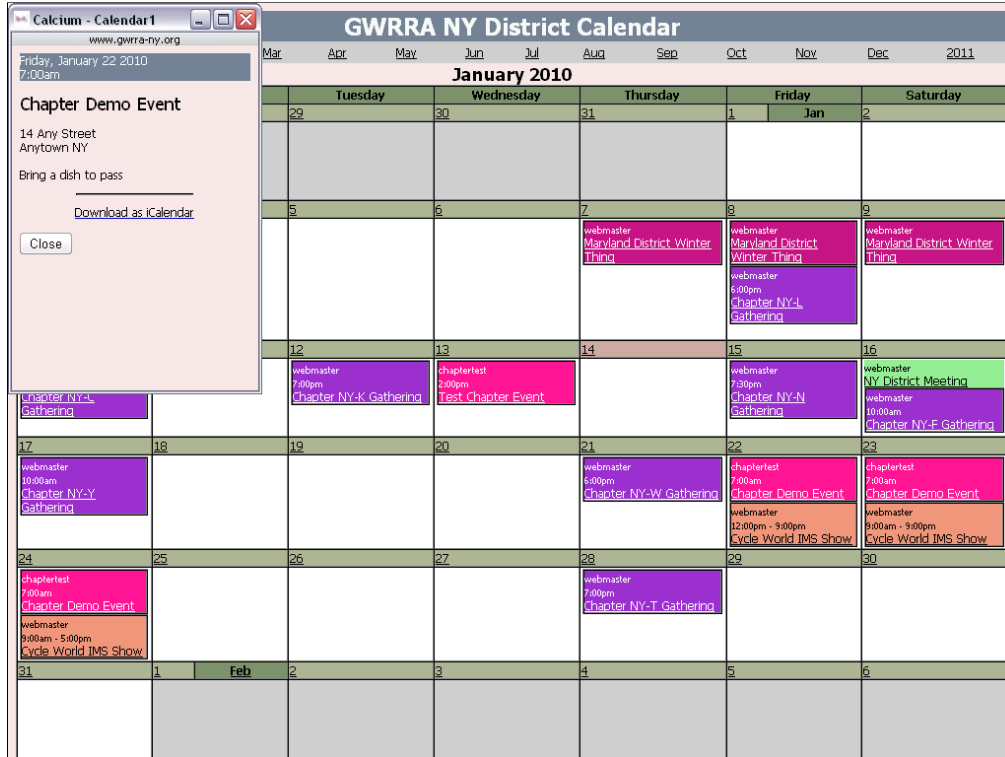

The screenshot displays the GWRRA NY District Calendar for Friday, January 22, 2010. At the top, there is a navigation bar with a 'View Calendar' button and a calendar grid showing the current date (22) highlighted. Below the calendar, the title 'GWRRA NY District Calendar' and the date 'Friday January 22, 2010' are centered. The 'Existing Events' section lists two events: 'chapterfest' (7:00am, Chapter Demo Event) and 'webmaster' (12:00pm - 9:00pm, Cycle World IMS Show). The 'webmaster' event is selected, and a dropdown menu for 'Which instances:' is open, showing options: 'All', 'Only this date', 'This date, and all before', and 'This date, and all after'. Below this is the 'Add New Event' form, which includes fields for 'Date' (January 22, 2010), 'Enter text for a new event:', 'Start Time' and 'End Time' (both set to None), 'Category', 'Background', 'Foreground', 'Draw Border' (checked), and 'Enter a URL, or text for a popup window:'. A 'Create Event' button is at the bottom of the form. Below the form is the 'Repeat Information (Optional)' section, which is currently hidden. It contains options for 'Don't Repeat', 'Repeat Every' (set to Day), 'Repeat on the' (set to First Friday every month), 'Repeat until' (set to January 23, 2010), and a 'Skip Weekends' checkbox.

Clicking on a date from the calendar or clicking on a date at the top of this page, displays a list of events for the day just above the Add New Event Info.

Note that the Chapter User can see both events, but can only edit/delete the event he added.

As this is a repeat event, there are options to edit all instances, just this date, this date and all after, this date and all before. Only selecting "all" will allow the repeat info to be edited.

Viewing the New event.

If the event popup details contains text or a combination of text and links, this popup is displayed.

If the popup details contains only a URL, then clicking the event brings you directly to the URL page.
